

R & A SERIES - REFRIGERATOR & FREEZER REACH-IN, PASS-THRU, ROLL-IN & ROLL-THRU

OUTSTANDING PERFORMANCE IN A DURABLE CABINET

Our spec line series refrigerators and freezers deliver superior temperature maintenance and unsurpassed reliability, even in constantly changing kitchen conditions. Our thoughtful circular forced-air design with Load-Sure Guard, and user-friendly microprocessor controls keep your food in consistently safe temperatures 24/7. A wide offering of **Energy Star®** listed models will save you money while keeping your kitchen environmentally friendly.

1

REDUCE COSTS

- Better performance means less food waste
- Raised door pans reduces gasket replacement frequency
- Brazed joints on refrigeration system minimize leaks
- Durable, stainless steel exterior extends equipment life and minimizes service costs

2

SAVE LABOR

- Easy-to-clean, front-facing condenser
- Easy-Clean Gaskets made with sanitizer-friendly Santoprene®
- Single piece sides maintain shape and keep liners clean

3

SUPPORT FOOD SAFETY

- TempAssure™ Airflow eliminates warm pockets and maintains consistent interior temperatures, retaining more cold air in the cabinet when the door opens keeping food safe and fresh longer

4

ENJOY PIECE OF MIND

- The INTELA-TRAUL™ digital microprocessor delivers accurate and reliable control, eliminating the need for a defrost time clock and temperature control dial
- LED display includes alarms for cabinet temperature, power interruption, and more
- Factory-trained service representatives nationwide
