A grant from LCIF empowers Lions to take their impact further. Curious about how grants work? Take a look at our grant life cycle — from project conception to completion.

1. Discuss project idea with LCIF if needed.
2. Perform a needs assessment to identify community/project needs. Projects must address an unmet humanitarian need.
3. Review grant application and criteria.
4. Complete application.
5. Submit application to LCIF by deadline.
6. LCIF will provide feedback on the application if needed; revise as necessary.
7. Grant proposal reviewed by LCIF board or advisory committee.
8. Applicant notified of board or committee's decision.
10. For approved projects, funds disbursed once grant conditions met.
11. Submit progress reports to LCIF.
12. Submit final report when project is complete.

Each program has specific requirements and processes. For more information, visit lionsclubs.org/grants or consult a LCIF program specialist.
