Our world record
New Voices

2022
Transitioning to my LEO-LIONS Club
Running for Vicepresident II of my new Club
Serving as the Service Nominee of my District
My stories

Guinness World Record
During my time serving as a LEO, me and my fellow colleagues managed to set a new world record.

Helping children & families in need
Both as a LEO and as a LION I managed to organise and help several people in need.

Giving back
And best of it all, we always gave back to the community.
Let's do this!

**LEO Secretary**
Managed to become a part of the next Board only one month after becoming an official member.

**Tangible results**
Donated over 5,500$ as a LEO Club and served over 4,800 people.

**Members motivation**
Over 45 members with at least 25 hours of activity. Over 12 members with at least 100 hours of activity. And 2 members with over 200 hours of activity, one of which it's me.

**Club of the Year**
And after all of this, we achieved the prestigious distinction of the Club of the Year within our District.
World Record
Achieved the World Record for the largest mosaic logo made of notebooks.

New Voices
Became the Service nominee of the New Voices committee of my District and hosting several workshops.

Becoming a LEO–LION
After my LEO membership in my home-town, I decided to join my LEO–LIONS as I went to college.

Dare to speak up
I took my membership to a new level by choosing to go for the Vicepresident II position in my Club.
And... some proof!
Thank you for your attention.
We serve!
