

# “NEW PARK MILANO”

## DESCRIPTION

Our caravan park spans a completely asphalted area of 12,000 meters (one of its kind in Italy). The parking area has 8kw lighting, which lights the entire space. We are open 22 hours a day and we have an anti-theft perimeter fence connected to the local police force and night watch. There is also a night watchman with a guard dog.

The caravan park is only closed from 8:30 p.m. to 10:00 p.m. for cleaning and testing of the anti-theft systems.

During the day, customers may use a personal remote control to enter. At night, however, customers must gain access from the guard on duty.

The video recording system guarantees the recording coverage is in accordance with the law.
