

Adjustable Rack Gap Panel

Part Number

UACSARGP Small Adjustable Rack Gap Panel (42U-45U)

UACLARGP Large Adjustable Rack Gap Panel (48U-50U)

APPLICATIONS

The ProLine Adjustable Rack Gap Panel is an ideal solution for closing off gaps between racks, such as gaps created by building support columns or missing IT racks.

- The Adjustable Rack Gap Panel features a tool-less design and easily attaches directly to the rack side panel magnetically.
- With the case mounted, the user simply extends the retractable material across the gap, effectively closing off the opening when the handle attaches magnetically to the adjacent cabinet side panel or striker plate kit for nonmetallic surfaces.
- The Adjustable Rack Gap Panel can enclose gap widths of 2.75" to 24" (UACSARGP) or 10" to 60" (UACLARGP).
- The Adjustable Rack Gap Panel is available to match popular rack heights.
- Total installation time is typically less than a minute when installing product between two cabinets.

FEATURES

- Covers gap widths of 2.75" to 24" (UACSARGP) or 10" to 60" (UACLARGP).
- Easy to order; no measuring or customization required.
- Installs out of the box. No assembly or configuration required for cabinet to cabinet use.
- Tool-less installation allows attachment directly to the cabinet side panel magnetically.
- Rugged, high quality design.
- Symmetrical design allows for mounting on left or right side.
- Reversible design — material is black on both sides.
- Can easily be removed and reapplied in minutes as your computer room needs change.
- Flame-rated materials.

BENEFITS

- Reduces exhaust air recirculation.
- Supports reduced energy costs by providing the opportunity to increase set point temperatures and/or turn off cooling units or reduce fan speeds.
- Enables the reduction of bypass airflow.
- Improves cooling airflow, which allows for higher rack densities.
- Supports increased reliability and availability of IT equipment by reducing server intake temperatures.
- Modular design and out-of-the-box installation does not require 3rd party design, engineering, or construction, which minimizes computer room disruption.

SPECIFICATIONS

Part Number	Description	Dimensions	Quantity per Carton	Shipping Weight
UACSARGP	Small Adjustable Rack Gap Panel (42U–45U)	10" – 60" x 4" x 83.3" (254 mm x 1524 mm x 2115.82 mm)	1	27 lbs.
UACLARGP	Large Adjustable Rack Gap Panel (48U–50U)	10" – 60" x 4" x 92.3" (254 mm x 1524 mm x 2344.42 mm)	1	30 lbs.

- The 60" Adjustable Rack Gap Panel case measures 4"W x 4"D x 83.3"-92.3"H and is suitable for gap widths that range from 10" to 60" (254 – 1524 mm).
- The 24" Adjustable Rack Gap Panel case measures 2.75"W x 1.625"D x 83.3"-92.3"H and is suitable for gap widths that range from 2.75" to 24" (70 – 610 mm).
- The Adjustable Rack Gap Panel, 60" requires a minimum of 6" (152 mm) of clearance to install in a gap.
- The Adjustable Rack Gap Panel, 24" requires a minimum of 2.75" (70 mm) of clearance to install in a gap.

USE

- ProLine Adjustable Rack Gap Panel is best suited for applications where a row gap exists between two adjacent cabinets.
- The ProLine Adjustable Rack Gap Panel is supported by the floor and mounts magnetically against the side panel of the cabinet or other steel surface
- To close off the gap, simply extend the retractable material across the gap, which effectively closes off the opening. The far side attachment also adheres magnetically to the adjacent cabinet.

MATERIAL

- The ProLine Adjustable Rack Gap Panel, 60", features a powder-coated aluminum case with a retractable reinforced PVC-coated fiberglass panel and a black semi-gloss matte surface on both sides.
- The ProLine Adjustable Rack Gap Panel, 24", features a PVC frame and a retractable fabric twin-wall panel with a black matte surface.
- Flame rated materials (NFPA 701 and UL94 HB) are used in the construction of the ProLine Adjustable Rack Gap Panel.
