Background

Lions Club member since 2013. Served as Club President, Club Secretary, Program Director, New Member Director, currently Zone Chairman and District Environmental Chairman. Responsible for club and zone newsletters as well as Facebook and Instagram accounts. Sponsored six new club members.

Career: Worked as a sales manager for Kellogg's for most of my 35 years with the company

Passionate about the community and environment

Serving as Board Chairman for Keep Cobb (County) Beautiful. Appointed to the Board by County Commissioner in 2015.

Evolution Of The Lions Litter Clean-Up Projects

2014: First adopt-a-mile inspired by a neighboring club

2014: First organized litter clean-up

2015: Appointed to Keep Cobb (County) Beautiful Board Of Directors by our county commissioner

2015-2022: Current adopted seven additional miles and sold the adopt-a-mile to 34 other organizations in the area increasing our club's exposure and influence. Litter has been reduced by half. In the 2021 Litter Index survey we were the cleanest of the four Cobb County Districts.

2022: Cobb County Chairwoman donated \$500 leftover from her unspent campaign funds to our club

COMMISSIONER MONIQUE SHEFFIELD

Week of July 29, 2021

We love cleaning up the community

Keep Cobb Beautiful hosted the WeLoveU Foundation litter clean-up of the East West Connector and Floyd Road. The foundation brought approximately 120 volunteers from all over Atlanta to participate in this exciting event. Also in attendance were many important Cobb County officials including Commissioner Sheffield and KCB's Dawn Smith who coordinated the event. To download a clip from the cleanup, [click here](#).

The International WeLoveU Foundation specializes in environmental causes, disaster relief as well as social, senior and childhood welfare. The young volunteers were full of energy and enthusiasm which was inspiring to everyone involved. They had fun as this was their first Atlanta project since COVID. The volunteers removed 63 bags of litter and other debris from the roadways. We appreciate Starbucks who donated a lot of coffee and pastries as well as QuikTrip and Target who donated items as well. For more information about the WeLoveU Foundation, please visit <https://intweloveu.org/> and <https://weloveusa.org/>.

Organizations from South Cobb such as the Mableton Improvement Coalition, First Christian Church Of Mableton, South Cobb Lions Club, HOPE Family Resource Center, Austell Community Taskforce, We Thrive In Riverside and local teachers recently worked together to remove 74 bags of litter from a close proximity to 21 Cobb County Schools in our area.

We also celebrated Abraham Antunez's 20th birthday and got a young, skinny, stray kitten adopted.

Thank you to The Green Room gourmet pizza and Dunkin Donuts for your help. We had lots of fun as we got these schools looking good

Volunteer cleanups help improve our community

Volunteers from the South Cobb Lions Club and the Mableton Improvement Coalition recently helped the Friends Of Nickajack Road remove 27 bags of litter and six tires from East West Connector, Fontaine Road and Nickajack Road. They dedicated this litter cleanup to Paul Susko, who is recovering from illness. He has helped on many events over the years and volunteers continue to keep Paul lifted in prayer.

If you or your civic organization are interested in learning more about the Adopt-A-Mile program, keepcobbbeautiful@cobbcounty.org. She can provide everything you need to get started.

Tips For Success

1. Partner with your local government to adopt-a-mile and get supplies. There are also adopt-a-stream, adopt-a-cemetery, adopt-a-spot programs available.
2. Subscribe to newsletters and associations such as Keep America Beautiful.
3. Document each event with pictures and results. Social media can serve as a great place to share and store your accomplishments.
4. Try to get the Lions Club message out to the public. Carry Lions Club pamphlets or business cards with you as you conduct your litter clean-ups for when you encounter grateful residents and citizens. We wear our Lions Club Safety Vests as we conduct our litter clean-ups.
5. Partner with other civic organizations during their litter clean-ups so that you can find other common interests and projects.
6. These litter clean-ups show immediate results. Take time to admire your work and invite your volunteers to become involved with the Lions Club. Use your Leo Club or local ROTC high school students.

In August, a starving, young, stray kitten approached a group of us cleaning up litter near a school. I brought him home and it is now a healthy and affectionate indoor cat. He has been a real blessing to our family...

(E)QUALITY CAMPAIGN-EDUCATION

We strongly believe that the seed of stereotypes is sown in education, and education is where the solution lies, we designed an educational plan that promotes human rights to our children.

We created an interactive program that concerns **Human Rights, Diversity and Inclusion** for:

- Kindergarten and the three first classes of Elementary School and offers an introduction to human rights.
- the higher classes of Elementary School Students, the program teaches children about Equality in an interactive way.
- the students at Gymnasium & Lyceum, the program concerning Human Rights will help students to understand and adapt human rights in everyday life.

In Japanese schools, the students don't get any exams until they reach the 4th grade. Why? because the goal for the first 2 years of school is not to judge the child's knowledge or learning, but to establish good manners and develop character. The Japanese scholars teach manners before knowledge. Should this be implemented worldwide?
