

Lions Networking

Lions Networking brings Lions from different clubs together to collaborate on service projects, raise money for LCIF, and provide mentorship to the next generation of Lion leaders.

Here are some tips on how to form and run Lions Networking chapters in your district:

- 1. The District Governor appoints experienced Lions to lead networking chapters with a defined focus.**
- 2. Chapter leaders recruit Lions who are passionate about their focus.**
- 3. Communicate purpose of chapters to clubs so they understand the benefits.**
- 4. Chapters meet every two weeks to plan projects, listen to guest speakers, and socialize.**
- 5. Use social media to promote networking chapters and highlight the service they do.**
