WAREWASH

## CLeN | POWERFUL

Speeding up dish rooms while saving on resources.

**HOBART**

**NO ONE NOTICES YOUR CLEAN DISHES. AND THAT'S HOW IT SHOULD BE—A GIVEN. JUST LIKE YOUR REPUTATION FOR HIGH STANDARDS.**

Hobart's CLeN Warewasher protects that reputation and your diners by ensuring your dishware is spotless. This warewasher is also a wise, environmentally conscious investment. The CLeN uses less water and up to 20% less energy than other warewashers—savings that can pay you back thousands of dollars annually, depending on your wash volume.

Speaking of big, labor is likely your largest expense. With the CLeN, you get a better return on that payroll dollar: Dish staff spend less time managing the machine and more time putting clean dishes back in service quickly, making your kitchen more effective and efficient.

Hobart's Automatic Soil Removal (ASR) system, available on CLeN Advansys models, snags debris that slips by manual scrapping, keeping the wash water cleaner longer.

**HOBART CLeN | WORKS HARDER AND SMARTER.**

Hobart's CLeN Warewasher turns dish washing into a science, using industry-leading technology to rack up more clean dishes in less time. Backed by legendary Hobart durability, the CLeN not only stands up to the rigors of the dish room, it's easy to operate and produces outstanding results in rack after rack of even the dirtiest dishes. Available in CLeN Base, CLeN Energy Recover, and CLeN Advansys models, the CLeN is your clearest choice.

- 20% energy cost savings versus CLe models
- 90% building supplied hot water savings
- 90% cold water savings for drain water tempering
- Exclusive NSF-rated Pot & Pan mode reduces or eliminates pre-soaking of prep ware
- Automatic Soil Removal (ASR) can reduce wash water changes by 50%

**Your CLeN doesn't need big space to do big things.**

# HOBART CLeN

A WAREWASHER READY FOR WHATEVER YOU DISH IN.

Built to handle as few as 5,000 dishes in an hour or 200,000 dishes in 24 hours, this latest model from Hobart keeps your kitchen flowing. Durable, reliable and easy to use, the CLeN can save you thousands of dollars a year in utilities and labor expenses.

Hobart expands its reputation for best in class warewashers with the new CLeN. No matter which CLeN you choose, your dish room can be one of the cleanest, most cost effective places in your operation.
