

# DORMAN HYBRID BATTERY PACKS

## Remanufactured and Upgraded –

Critical components are replaced with brand new, improved designs while other components are fully restored to perform like new.

- No programming required — ready-to-install direct replacements
- Includes all modules (such as ECU) — no need to reuse from old battery
- Each battery and individual module is thoroughly tested and balanced for optimal battery pack performance
- All Dorman hybrid drive batteries are special ordered and shipped directly to deliver the highest quality pack fresh from the remanufacturing process
